# Measuring Guide

**Hand:**  
hand flat; fingers together, measure  
around widest part of hand.

**Length:**  
measure from nape of neck  
to desired length (coats, weskits, etc.);  
for skirts, measure from waist to hem.

**Front width:**  
measure from side seam to side seam,  
across stomach.

**Inseam:**  
measure from crotch to floor.

## FOR FOOTWEAR

When measuring for moccasins, wear the socks you will normally be wearing with them. Then, on another full sized sheet of paper, do the following:

- 1) Stand with your weight on the foot being measured; trace around the entire outline of that foot on the sheet of paper.
- 2) Keeping your weight on that foot being measured, take the following measurements, and record them in the space below.

LEFT FOOT

\_\_\_\_\_

\_\_\_\_\_

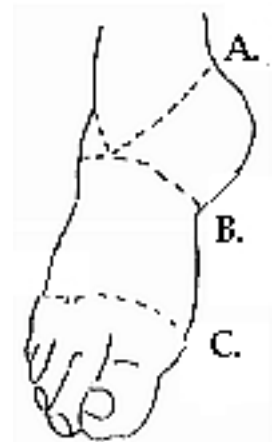

\_\_\_\_\_

RIGHT FOOT

A. Ankle to Arch: measure around the ankle to the point above the arch. \_\_\_\_\_

B. Arch of the foot: across the arch of the foot to the floor. \_\_\_\_\_

C. Ball of the foot: across the ball of the foot to the floor. \_\_\_\_\_
